

- ▶ Unique petroleum solution delivers card acceptance efficiency
- ▶ Debit and credit chip card acceptance
- ▶ Unique electronic reporting feature

Petroleum @dvantage Rigger III™

A POINT OF SALE SOLUTION DESIGNED SPECIFICALLY FOR THE AUTOMOTIVE AND PETROLEUM INDUSTRIES

Petroleum retailers operate in one of the most competitive and specialized markets in Canada. Tight margins, frequent price changes, multiple product requirements and demands for speed of service are accepted norms.

Global Payments' Petroleum @dvantage Rigger III provides you with a comprehensive petroleum Point of Sale (POS) solution, designed to meet the needs of your business, both today and tomorrow. Equip yourself with this robust, feature-rich petroleum payment solution, providing debit and credit chip card acceptance, and enhanced value-added applications and much more.

This compact all-in-one terminal and printer allows you to do much more than simply accept chip-enabled Visa®, Visa Debit, MasterCard® and Interac® Direct Payment cards, plus Maestro®, American Express® and other private label cards. It also handles loyalty and gift cards, and commercial fleet cards quickly and efficiently.

FEATURES

- ▶ Credit and debit chip card acceptance
- ▶ Unique electronic reporting
- ▶ Dial Backup
- ▶ Faster transaction time
- ▶ Customized receipt printing
- ▶ Non financial indication management functionality
- ▶ 50 preset petroleum and non-petroleum product descriptions
- ▶ Interac Direct Payment cash back support
- ▶ Optional contactless payment support

BENEFITS

- ▶ Provides state-of-the-art security features, safeguards transactions and reduces exposure to fraud and potential chargebacks
- ▶ Addresses the need for centralized management and processing of station data at head office
- ▶ More reliability guaranteed
- ▶ Keeps you processing if your high speed IP goes down
- ▶ Easily captures product, fuel type and associated tax information
- ▶ Capture of station management data such as Meter/Tank Readings, Dealer Commission, Fuel Delivery, Price Change, product Sold and Bank Deposit/Cash Summary
- ▶ Transaction set to handle fuel purchases, restaurant, and service bays
- ▶ Allows merchants to provide their customers with the convenience of getting cash back right at the Point of Sale
- ▶ Greater speed and convenience; ideal for high volume merchants, where speed of service is essential
